

Town of Espanola

2023 – 2025

Municipal Budget

Executive Summary

The 2023 budget reflects an increase to the overall net levy of \$308,940 or 3.97% from 2022. In 2023, the average residential assessment in the Town of Espanola is \$158,099. Therefore, the average household will see an increase of 3.59% or approximately \$87.00 per year.

The budget process has been undertaken with the following mission statement in mind:

The Corporation of the Town of Espanola is committed to serving the needs of our community by supporting the positive, well-balanced, social, economic, environmental and physical growth of the town. We will continue to pursue excellence by providing accountable and affordable services while promoting the highest quality of life.

The budget presents operating and capital expenditures by department. Operating expenses reflect the routine day to day cost of municipal services, where capital expenses are more project oriented or one-time expenditures.

The operation of water and wastewater infrastructure is not funded by property taxes. Revenues are raised through user fees charged to customers for their water and wastewater services, and funding from the dedicated water/wastewater reserves.

The budget is prepared based on a three-year period, which better aligns longer-term goals and objectives with longer-term funding plans. Although the Municipal Act, 2001 authorizes a Municipality to prepare and adopt a multi-year budget, it also requires that the budget for subsequent years be reviewed and readopted each year. Therefore, the 2024 and 2025 budget estimates will change depending on circumstances in each of those years.

2023 Budget Summary
